

PROJECT GORILLAS GANG CLUB

Gorillas Gang Club is a collection of 10,000 unique NFT Gorillas Gang – unique digital collectibles living on the Ethereum blockchain.

Your Gorillas Gang serves as your club membership card and provides access to exclusive benefits for club members only, the first advantage is access to a decentralized DAO platform.

The goal of this project is to give the world a unique and one-of-a-kind digital collection, with the help of which a truly decentralized DAO platform will be implemented.

Visit www.gorillasgang.crypto for a more detailed study of the information.

DECENTRALIZED DAO PLATFORM

A decentralized platform for launching the best projects that are truly useful to society and the blockchain industry.

All rights to the platform belong exclusively to members of the Gorillas Gang club (holders of unique NFTs), which makes this platform completely decentralized. All decisions on this platform are made by voting with GGC tokens (Gorillas Gang Coin).

All the income of the DAO is distributed among the members of the Gorillas Gang Club (holders of unique NFT).

All club members (holders of unique NFT) will be constantly rewarded with tokens of their own platform projects launched through airdrop, and will also have a priority queue in the mint of new NFT projects and will be regarded as strategic partners.

The amount of distributed remuneration to club members Gorillas Gang Club, directly depends on the rarity of their unique NFT Gorillas Gang.

GGC LAB

GGC LAB is an investment incubator of projects.

The goal of GGC LAB is to provide tools for writing tokenized and NFT smart contracts in automatic mode, as well as tools to help launch third-party projects, the best of which will be launched for free on a fully decentralized the DAO of the Gorillas Gang platform, if they will carry real value for the cryptocurrency community and the blockchain industry.

Everyone who has the right to invest in the projects being launched can GGC token (Gorillas Gang Coin), while for club members(holders of unique NFT Gorillas Gang) will deploy a separate investment cabinet with a larger investment allocation.
